

XENIAL LABOR & SCHEDULING

Take the Labor Out of Labor Scheduling

Give yourself and your employees the gift of self-service with Xenial Labor & Scheduling. Allow staff members to access schedules, request time off and manage personal data from wherever it's convenient for them.

Save managers hours of administration times and make scheduling a breeze with internal system logic that automatically enforces business policies and regulatory compliance. The Xenial platform tracks shifts to make sure you have enough employees without breaking the budget. Multi-unit insights apply the right pay rate for each role and flag overtime issues.

With Xenial, you'll get Labor & Scheduling that is convenient, automated and cloud control accessible anywhere, at any time, for everyone.

CONVENIENT

AUTOMATED

CLOUD CONTROL

Bring Convenience to Managers and Employees

Streamline labor and scheduling with a platform
that watches the bottom line for you

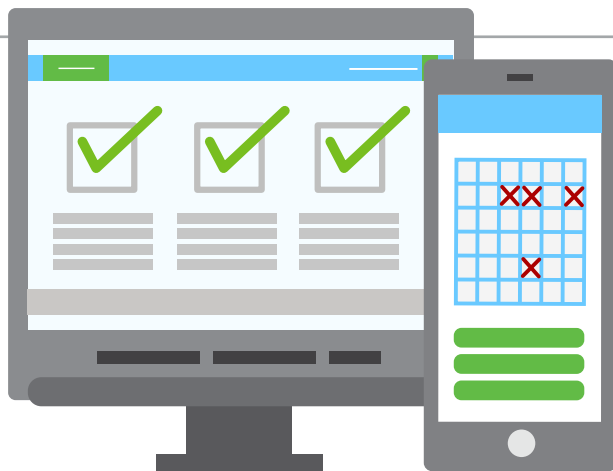

Xenial Labor & Scheduling Gives You The Power To:

- Increase employee engagement and business participation
- Save time and money by improving collaboration and data accessibility
- Proactively safeguard your business against regulatory violations
- Ensure compliance with business policies
- Reduce over-scheduling, under-scheduling and overtime

Key Features:

- Responsive forms provide a consistent user experience on any web-capable device
- Schedules can be created, posted, updated, reposted and accessed immediately by staff
- Punch activity can be sorted, filtered, audited and edited on-the-fly based on customizable parameters
- Visual warning system indicates violations of any kind during schedule creation
- Open shift feature allows employees to pick up open shifts as desired
- Central business rules promote or restrict scheduling activities and enforce regulatory compliance
- Employees can manage their own data, request schedule changes and view schedules anywhere
